

Who We Are

At Camp Nova, we believe every place, product, and moment has a story worth telling, not just in words, but in sights, sounds, and experiences. We are a creative technology company specialising in immersive virtual solutions, from breathtaking drone photography to fully interactive 360° virtual tours.

Our name reflects our vision: Camp, the starting point of every great adventure, and Nova, a burst of light that transforms the way we see the world. We exist to open doors to new perspectives, helping our clients showcase their spaces, events, and ideas in ways that inspire, connect, and captivate audiences.

What We Do

01 360 Photography

Full-circle visuals that let your customers see every detail from every angle.

02 Drone Photography

Capture perspectives that inspire awe and tell a bigger story.

03 Interactive Virtual Tours

Let your customers connect and explore your business anywhere in the world

Why Work With Us?

Today's customers don't just want to see your business; they want to experience it. At Camp Nova, we transform your space into an interactive, story-driven journey that customers can explore anytime, anywhere. Our immersive 360° virtual tours and high-impact visuals let your audience walk through your property, browse your showroom, or explore your venue from the comfort of their screen. This means longer engagement times, stronger emotional connections, and better-informed decisions. Let's create experiences your customers will never forget. Contact us today
